

Sunkist Growers, Inc.

Sunkist Growers, Inc. is a nonstock membership cooperative marketing association comprised of California and Arizona citrus growers. It was formed to market its members' produce, to develop and maintain reliable markets for the best possible return, and to supply consumers consistently with top-quality fresh citrus fruit and processed citrus products.

Sunkist is principally engaged in the sale of fresh oranges, lemons, grapefruit and tangerines, and the manufacture and sale of citrus juice and peel products. The Sunkist® brand is one of the most renowned brands in the world.

Membership is limited to growers and cooperative associations of growers. The Directors elect the President, who manages the organization and provides leadership recommendations.

Formed in 1893 as the Southern California Fruit Exchange, the organization incorporated in 1905 as the California Fruit Growers Exchange. Its present name was adopted in 1952 to identify it more closely with its world famous trademark, Sunkist®.
